CLUBS

Women of American Patriots.
During the past four weeks the Women of American Patriots have been watching over the soldier boys who had joined the coast artillery and was on his way from Oklahoma to the Pacific coast when he was taken ill with pneumonia and was taken to the Dee hospital in this city. The young man, Marion E. Lee, has had excellent care at the hospital and this, coupled with the interest taken in him by the various ladies of the relief committee, has brought him from the jaws of death to well along the road to recovery. Mrs. D. H. Rhiviers, Mrs. J. G. Falk and several other ladies of the organization have been untiring in their efforts to see that this young soldier had some of the niceties which would undoubtedly be accorded him at home. They have visited the hospital regularly and now that he no longer requires the attention of a special nurse the ladies are arranging to have one lady go to his bedside each day to bring him cheer. Mrs. Fred G. Clark as chairman of the relief committee, has appointed several ladies to do this.

Mr. Lee was en route to Seattle when taken ill. He has two brothers in the service, one in the navy and the other somewhere in France.

The committee for the entertainment of soldiers going through the city and who have a time to stay in Ogden between trains, has been temporarily disorganized but it is expected to have this part of the organization perfected within a short time when the activity along this much needed line will be carried on under the National Board of Defense. In nearly every city of worth throughout the east entertainment is provided for the soldier boys who are en route to other points and some form of pleasure is afforded for them at a moment's notice. The ladies of Ogden expect to have this in operation in Ogden in a short time.

The bazaar was quite successful and the demonstration of the making of war bread was splendid. A great variety was on display. In the evening a concert and dance was enjoyed at which time Mrs. Edward Bichsel, Mrs. H. H. Spencer and Mrs. Georgina

Marriott of Ogden gave short talks in the interest of the Liberty loan.

Vincent Chautauqua Circle.

Last Thursday afternoon in the City Hall a splendid meeting of the Vincent Chautauqua circle was held. The fine representation of members present made the meeting decidedly enthusiastic and the chapters taken up at this time were very interesting and well given. The book, "How to Live," by Irving Fisher, who is connected with the Life Extension Institute of New York, is one of the most instructive and thoroughly entertaining books taken up by the Chautauqua readers this season and at the meeting of last Thursday chapters on housing, clothing, outdoor living, sleeping and deep breathing were taken up. Mrs. Athelia Matthis gave an interesting review while Mrs. George Kelly reviewed the chapter on food, giving the quantities which should be eaten to keep our bodies in the best of health, the proteins, fats, cybohydrates, uncooked foods, mastication. Mrs. Kelly explained plainly how the calories should be used to be assured of a well-balanced meal. Mrs. Lee Shurtliff gave an interesting talk on poisons; those which generate in the body and those which are taken into the body. Mrs. Shurtliff showed that poisons of the blood are taken into the system through the gums and teeth.

The chapter on activity, giving the benefits of work, play, rest, sleep, serenity and poise was very well given by Mrs. Bertha Meyers.

A letter was read at this meeting from the National War Council board of the Y. M. C. A. from Camp Lewis, Washington, where members of the circle had sent a set of Chautauqua books for the Ogden and Utah boys. The letter expressed the appreciation of the council and the effort made by the Ogden women to see that good reading matter is furnished the boys from home.

There will be only one more meeting of the Vincent Chautauqua Circle, Saturday, May 11, when the final chapters of the book, "How to Live" will be taken up and all reports for the year's work will be sent to Chautauqua headquarters and the certificates for this district distributed.

Mrs. David Jensen and Mrs. A. G. Lockhead are conducting the work on the book being taken up at the present time.

Child Culture Club.

Utah day was fittingly observed by the ladies of the Child Culture club at their meeting last Thursday afternoon in the Bohman, when Mrs. H. M. Barrows had charge of the program. "Early Days in Utah" was the first number of the interesting program and Mrs. James Douglas gave this splendid paper. Mrs. A. W. Putnam followed with current events, and Mrs. Archie Bowman read an original poem entitled, "Utah." A four-minute talk was well given by Mrs. Edwara Bichsel in the interest of the Liberty loan. Mrs. John Culley, whose talks on music are always enjoyed, gave a fine talk on "Music of Utah," which was followed by two selections of Utah composers, one "My Western Home," by Evan Stephens and the other, "Utah I Love Thee," by Miss Gladys Rich of Ogden. Both numbers were beautifully sung by Mrs. Fred G. Clark, Miss Carrie Knapp, art instructor in the high school and public schools of this city gave an interesting talk on "Utah Art," which was highly appreciated by the members of the club. In her usual fine manner and sweet voice, Miss Rosalie Holberg sang Tennyson's "Rainy Day," the music for which was composed by Utah's violinist, Arthur Freber. Miss Holberg was accompanied by Miss Jessie Benson, who also favored the assembly of ladies with a piano number, "Humoresque." A number of little girls, daintily dressed, gave a graceful dance, which was supervised by Mrs. Billy Leon, the well-known instructor. This was a fitting ending to the splendid program in commemoration of Utah day, the little girls showing careful study and unusual grace.

The next meeting of the club will be held in two weeks, when Mrs. A. W. Putnam, Mrs. Epperson and Mrs. Parker will be hostesses. "Child Welfare" day and industry will be observed with a good program.

AMERICA MUST GET READY NOW

Must Prepare to Meet Terrific Competition for World's Commercial Supremacy.

CINCINNATI, O., April 20.—America must get ready to meet terrific German competition in the great struggle for the world's commercial supremacy that will start the day peace is declared, according to committee reports submitted at the closing session of the National Foreign Trade council here today.

The report of the committee on "cooperation in foreign trade," pointed out that Germany is organizing for the foreign trade with the view of establishing a mandatory monopoly. The report stated that the United States has no definite foreign policy yet and that in order to keep her place in the trade that is sure to come America must learn co-operation, must educate her youth in business methods and must not hamper her business advancement by restrictive legislation.

Why I Have Returned to Ogden

My Desire to Make Good Among Friends

Most people have the impression that a man must go among strangers to be successful. Consequently I came home with a strong determination to practice elsewhere. After much consideration and a natural wish to stay in my home town, I decided to remain right here, feeling that your health is my interest and success is sure.

The science of Chiropractic has in 22 years grown to be the leading drugless health system used by our people. This rank has been won, held and gradually strengthened alone by the merit in spinal adjustments. Its past insures its future.
